Mayor informed council know that CSX and RJ Corman were working hard to get things back up and running and back to normal as quickly as possible. They expected to have cars cleaned and move off tracks and back running by Friday or Saturday.

There was lots of damage and we needed to be on guard for anything we may see or notice that the derailment caused the city. She also let council know were making spreadsheets to account for all the equipment and manpower that the city used to assist in the process of cleanup. Reassuring council that the expenses that the city has endured, CSX vowed to make that good and do everything they can to put us back to the way we were before.

With no further questions the Emergency Meeting was closed.
